Communications Flight 2023 Highlights

- Comms Flight personnel replaced the end-of-life land line rectifiers in two locations at Selfridge Air National Guard Base.
- The unit completed a base wide network core switch replacement.
- Eliminated a service contact, ultimately saving $82K over a 5-year period.
- Passed Air Force HQ COMSEC inspection.

Civil Engineer 2023 Highlights

- Selfridge Fire Department was named the best mid-sized fire department in the Air Force.
- CES broke ground on a $28 million fighter aircraft hangar, adding nearly 42,000 square feet to the Selfridge flight line.
- CES Airmen deployed to the Cherokee Veterans Housing Initiative near Tahlequah, Oklahoma, as part of a three-year project with multiple rotations of National Guard and Reserve units visiting the Cherokee Nation to provide construction assistance.
